COVER LETTER

Dear Hiring Manager,

I am excited to submit my application for the position you have available. As a versatile designer and developer with expertise in UI design, UI/UX development, and front-end development, I am confident that I possess the skills and experience required for this role.

Throughout my career, I have worked on a diverse range of projects in various domains, including UI designs for mobile applications and websites, redesigns for existing applications, and interfaces for educational tools. My proficiency in design tools such as Figma, Adobe Photoshop, and Illustrator, as well as my front-end development skills in HTML, CSS, and JavaScript, enables me to create visually appealing and functional designs that meet user needs.

In addition to my technical skills, I have experience in analyzing user experience and conducting user research to develop intuitive and engaging interfaces. I believe that this skillset will be valuable in creating products that meet the needs of your target audience.

Thank you for considering my application. I look forward to discussing my qualifications further and the potential opportunity to contribute to your team.

Sincerely,
Rishabh Tiwari

EXPERIENCE

JAN 2022 – MAY 2023

UI / UX DEVELOPER, SENIOR EXECUTIVE.

INFOCEPTS TECHNOLOGIES PVT. LTD

At Infocepts, I designed and developed www.infocepts.com using my extensive experience in HTML, CSS, and responsive design. I ensured the website was mobile-friendly and accessible on multiple devices by implementing design principles. I optimized website performance and ensured cross-browser compatibility by writing clean and efficient code. Through my attention to detail and commitment to best practices, I delivered an engaging and seamless user experience that exceeded client expectations.

MAY 2021 - JAN 2022

UI / UX DEVELOPER.

JEWEL PRO TECH PVT. LTD.

While working at Jewel Pro Tech Pvt. Ltd., I was responsible for designing user-friendly interfaces for the web. Using my expertise in HTML, CSS, and responsive design, I created intuitive UI designs for the website www.diamondicq.com, and implemented them with a focus on performance and compatibility. By utilizing my skills in UI design and front-end development, I delivered visually appealing and highly functional user interfaces that exceeded expectations.

MAR 2017 - MAY 2021

CO-FOUNDER.

ANGEL CONVENT SCHOOL.

As the founder of an educational institute aimed at improving foundational learning for rural students, I have developed a website to showcase our educational tools. I utilized my skills in HTML, CSS, and responsive design to create a user-friendly interface for our website that is accessible on multiple devices.

Additionally, I attempted to create a learning platform using WordPress to enhance critical thinking, language understanding, and mathematical skills. However, due to cost constraints, I had to find an alternative solution. Instead, I focused on creating interactive interfaces for our educational tools using the aforementioned technologies. This experience has allowed me to further refine my front-end development skills while contributing to the education sector in a meaningful way.

MAR 2017 - MAY 2021

GRAPHIC AND UI DESIGNER.

FREELANCING AND REMOTE WORK.

As a freelance Graphic and UI Designer, I have continued to develop my skills in the technology domain while also running my school. I have had the opportunity to work on a wide range of projects, including designing logos, creating branding materials, and developing interfaces for mobile and web applications.

Through my work, I have gained experience in utilizing tools such as Adobe Photoshop, Illustrator, and Figma to create visually appealing and functional designs. Additionally, my experience as a school owner has provided me with unique insights into designing interfaces for educational tools, allowing me to create engaging and effective designs for learning platforms.

MAR 2017 - MAR 2018

VISUAL AND UI-UX DESIGNER.

THE CLIMBER KNOWLEDGE PVT. LTD.

During my time at The Climber as a UI/UX Designer and Visual, I simultaneously worked on analyzing user experience as a part of the UX team, and creating graphical assets like posters, flyers, logos, UI screens as a part of the Design team.

Additionally, I contributed to the creation of graphic assets for the Indian Youth Conclave events in 2016 and 2017. My ability to balance both design and user experience responsibilities allowed me to create engaging and visually appealing interfaces while meeting user needs.

MAY 2017 – AUG 2017

GRAPHIC AND UI-UX DESIGNER.

EDIOME

As a Graphic and UI Designer at Ediom, I was responsible for creating compelling visual designs and building effective design systems. My work involved designing identity systems and creating supporting graphics to ensure consistency and coherence across various design assets.

OCT 2016 – APR 2017

UI-UX DESIGNER.

INFINITY INFOWAY PVT. LTD.

As a UI/UX Designer at IIPL, I have created various design-based projects, including UI designs for mobile applications and websites, as well as redesigns for existing applications. One notable project I worked on was creating a UI design for an application for Patel Tour and Travel. My role involved conducting user research and using design tools such as Figma and Adobe Creative Suite to develop intuitive and visually appealing interfaces that meet user needs.

FEB 2016 – SEP 2017

GRAPHIC DESIGNER.

VISUAL DESIGNING - FREELANCING WORK

As a freelance graphic designer, I created visually appealing designs for various clients across diverse industries using Adobe Creative Suite. I developed my ability to communicate effectively with clients and gained a deeper understanding of the design process.
